**The Gold / Silver ETFs are still trading within a relatively tight range, and there is no clear direction.**

We repeat once again that for now, we still focus on buying the ETFs again at the given buy prices.

Some gave a short-term sell signal which we do not want to chase.

If there is a change in this near-term outlook during trading hours, we will send out an Intraday update.

Below we repeat once again the signals as given last week.
